FOR IMMEDIATE RELEASE

Triangle Pest Control Volunteers at Wake County Animal Shelter as a Part of their new Triangle Cares Community Service Program

Raleigh, NC – Triangle Pest Control has continued their commitment to community service in the month of February by volunteering as a company at the Wake County Animal Shelter on Saturday, February 24, 2024. Volunteers spent the morning working with adoptable dogs, cats, and small animals, by providing care and attention.

This program is a collective effort to strengthen the community bonds and address the needs of Wake County. With a focus on providing in-person volunteer opportunities, monetary donations, and hosting events, the Triangle Cares Program is truly making a difference.

“We believe in the power of our community and this program is our way of showing that to our local area. We hope that other businesses will follow in our footsteps and create a pathway for their staff to enrich their local community. It takes all of us,” said Donnie Shelton, Owner of Triangle Pest Control.

On March 22, 2024, Triangle Pest Control will be hosting a blood drive with The Blood Connection at their new office in Apex, NC. This event will be open to the public and you can sign up for a donation time here:
